

Gender & HR

- Forest goers – LLINS + ITN + repellents
- Mobile migrant - LLINS
- Defense services – IT Uniform, IT blanket, LLINS
- General pop - LLINs
- Pregnant women - LLINS
- Young & old age - LLINS
- Conflict – LLIN coverage
- Inaccessible area- thorough EHOs, CSO, CBOs
- ICMW (female involvement)

Challenges

- Targetted LLINS distribution to address G&HR
- Gender consideration in LLINs calculation (preg woman)
- Awareness raising and gender focus through gender sensitive messages – targeting male fore goes engaging spouse (wife)
- Gender disaggregated data on prevention intervention
- No of health staff (Public, private, community) working for prevention measures
- Number of survey and research looking into gender & HR in prevention

- Distribution of LLINS through private sector (plantation/migrant)
- Community engagement – explaining malaria risk and identifying prevention priorities
